

Progenalen Professional

The Progenalen Professional dietary supplement, whose principal ingredient is a novel, naturally-occurring polypeptide, is designed to replenish the pool of critical progenitor cells in the body.

Increased progenitor cell activity supports:

- Overall energy levels
- Joint health
- Heart health
- Metabolic health
- Longevity

How We Can Work With You

Progenalen is currently pursuing strategic channel and distribution partnerships for our professional-grade product.

We can work with partners to support any of the following options:

- Raw materials
- Turnkey product and packaging
- White labeled product
- Marketing and brand support

Learn more about how you can become a Partner. Contact us at: 610-608-5237 or partnerships@progenalen.com
